Our individuals participated in the Bowling Special Olympics this past month! We were able to score above several of our competitors, and meet some new friends! While there we were given a specific area for “down time” where our individuals were given the opportunity to integrate with local high school students, and even see some of their old school teachers!

Individuals completed 245 hours of volunteer services and 1,491 hours of community integration hours in January.

THIS MONTH'S FEATURED TRACTS

COMMUNITY INTEGRATION

Our individuals were able to start volunteering at the Active Day in Ashland, Ky. While there they were able to participate in singing Karaoke with their clients, along with singing some of their favorite songs while making some new friends.

PRE- VOCATIONAL

While individuals went to the “Highland Museum” they were able to visit their hands on center where they offer a mock grocery store, and doctors office, they also have mock cleaning supplies for the individuals to practice their job skills as a part of job readiness!
