We are always looking for new volunteer and community opportunities! Please share with us if you have any ideas.

PCS Wood is excited for April to arrive. This is when we will be involved in Project Playhouse- helping to build playhouses for children in need!

Our groups will also be starting in March at Maumee Valley Save-a-Pet! Individuals are anticipating helping out with our furry friends!

## February Industry: Animal Science

February is all about animals! Groups have focused on what it takes to be a pet owner. We were honored to host local Veterinary Technicians, who brought in new animals for us to explore! We also participated in a PowerPoint presentation learning about pet care.

*Individuals completed 86 hours of volunteer services and 390 hours of community integration hours in January.*

## The Pulse of PCS

Written by Nicholas Febrey

Welcome to another installment of the Pulse of PCS where we take an inside look at the dedicated staff and interesting individuals who attend PCS. Today we will be talking with Rusty. Rusty has attended PCS for a few years and has always been an easy going and hardworking individual who really enjoys being around the staff and the other individuals. Aspects of Rusty's personality that really shine are his cheerfulness and his positive attitude which has continued to enhance the warm and caring environment that has been established at PCS. Rusty really enjoys being able to participate in all of the fun outings that his group goes on. Fun facts that you may not know about Rusty are that he plays basketball, loves to listen to hip hop music, watches all kinds of movies and rides his bike.

We appreciate you taking a brief time out to get to know a true team player of PCS. Rusty.
